

Good Neighbors Club News

May & June, 2020

Hello GNC Friends!

My how our world has changed in a few short months! Our normal life is much different now and I believe our outlook on many things will be altered forever. Everything seems uncertain right now. We listen to doctors, politicians, even our own families on what we should do and how we should be handling this virus. It's certainly a very challenging time for all of us. I just want you to know that everyone here at Two Rivers stand ready to help you in anyway we can. Yes, we have closed our lobby areas but our drive thru's are all open. On Saturdays, the only branch open in Burlington is our branch on Roosevelt until noon. If you need to come in to the bank, please just call the bank at our Burlington area number 319-753-9100 or our 888-226-6063 and we will advise you what the procedures are to help you have a face to face meeting. Our goal is to keep you and our employees safe from spreading this illness. We know these are trying times. Many of us at Two Rivers are working from home, but our phones are forwarded so you can still reach us.

We pray for those that have this dreadful virus that they will recover quickly, comfort for those that have lost a loved one during this time. We pray for all those without a job, food, or day care for their children. To be isolated for this long is not normal for us. So try to reach out to a friend or family member by calling on the phone or sending a note of encouragement. Perhaps support our local restaurants that are still doing take out or buy a gift card to send to someone who is feeling down or alone. I firmly believe that this will get better, we just don't know when. For those waiting for refunds of trips, I ask for your patience as companies are trying to get them out as soon as they can, but it is a very hectic time so bear with us.

As your club director, I have had to cancel many trips and events for the next few months. It makes me very sad to do this, but your safety and well-being are so much more important than any trip that might cause someone to contact this virus. I hope this newsletter will bring you a smile or a little joy to your life. My goal in the January newsletter was to look for joy each day. I believe during this time, I have seen much joy. People are being more kind to each other and to strangers. Our lives have slowed down. We should appreciate what we have like warm homes, hot water, time to meditate, time to listen to our children or grandchildren. We have time to read more, take more walks, get that spring cleaning done and maybe do some dreaming of trips for the future. I have included some links to help you dream a bit if you have a computer (see below). I have added a few pictures on the back of past trips to give you a smile as well.

Safety during this Covid-19 Virus

1. Wear a mask in public!
2. Wear gloves and dispose of them properly.
3. Respect others by distancing when shopping or standing in lines.
4. Isolate as much as possible.
5. Get tested if you think you might have the virus!
